INSTITUTIONS
LUCKNOW

INFORMATION BROCHURE

COMMITMENT

卐 SHRI ROOP CHAND RAMJI LAL EDUCATIONAL TRUST 卐

A TRIBUTE TO THE VISIONARIES

Sri Roop Chand Agarwal and subsequently his son Sri Ramji Lal Agarwal struggled hard throughout their lives to establish the ideals of “वसुधैव कुटुम्बकम्” They strived hard for the welfare of the society at large. They cherished the dream of inculcating moral values in the younger generation through exposure to proper education & ethics to develop this great nation. Thus, to fulfill the dreams of their ancestors, the present generation visualized and established Roop Chand Ramji Lal Education Trust.

Our Vision

Goel Group of Institutions aims to provide quality technical & professional education for sharpening the technical & analytical abilities of its students. We aim to provide full facility for their personality development and train them to be successful professionals as well as wealth creators for the country by enhancing their knowledge base, confidence and creativity for achieving the effective results.

Our Mission

Is to bring together the creativity and zeal of rural and urban students and develop them to become successful professionals through imparting world class quality education at our institutes. motivate the students to realize their own potential, analytical and ethical capabilities using latest modern infrastructure facility in campus to become globally competitive professionals and worthy citizens of this great country, India.

PATH OF GLORY

Although we do not rest on our past achievements we are immensely pleased with the amazing public support and media coverage over the years. It only means we are on the right path.

“हमें हर्ष है कि हमारे प्रयास सराहे जा रहे हैं”

CHAIRMAN'S MESSAGE

With the grace of god and blessings of our visionary grandparents Sri Roop Chand Agarwal and our father Shri Ramji Lal Agarwal, we formed a Trust Sri Roop Chand Ramji Lal Educational Trust (RCRL) with a vision to educate youth from all walks of life.

I am glad to say that in 10 years of this service to the nation, Goel Group of Institutions under RCRL Trust have been delivering education to all age of young minds in almost all fields of education.

Our emphasis is that even though students come from different backgrounds but when they go out, they are perfect professional and worthy citizen of this great country India.

I assure that the trust would fulfill the requirement of all the institutes to make its student successful professional to serve the society and country at large & I can proudly say that you send your toddler to the group and it may come out as a full fledged matured professional.

I welcome you to be a part of our journey to acquire knowledge that provides benefits to both self and mankind.

Best Wishes!

Er. Mahesh Agarwal (Goel)
Chairman

SOCIAL ACTIVITY

Social Activities under Roopchand Ramji Lal Educational Trust, Lucknow

Goel Group of Institutions, established under Shri Roopchand Ramji Lal Educational Trust generously fulfills its social obligations by actively participating in self as well as government initiated schemes like “Pradhan Mantri Kaushal Vikas Yojana (PMKVY)” and Pradhan Mantri Adarsh Gram Yojana or “Sansad Adarsh Gram Yojana” (SAGY).

Pradhan Mantri Kaushal Vikas Yojana

Transforming the skill landscape

In order to eradicate joblessness from Youth's of India and to overcome the shortage of 109 million skilled persons by 2022 shown by The National Policy for Skill development and Entrepreneurship, 2015, Ministry of Human Resource and Development under AICTE, New Delhi put forward a flagship yojana under PMKVY through AICTE approved Technical Institution. Under this Scheme in next three years, govt. is planning 10.5 Lakh youth are to be given Engineering Skills to unemployed youth, the skills and find placement in suitable private sector jobs. In which to conduct a PMKVY –TI centre at GGI, Lucknow a huge responsibility was given. This centre comprises ten (10) courses such as AC technician, Field technician (RO & Home Appliances), Welding, Plumbing Operations, Casting Tech./ Sand Molding, Accessory fitter etc. with intake of 250 students comprising 25 students in each course. For these courses, after organizing due selection process of unskilled and skilled youths (ITI pass-out), we have arranged instructors for different courses in order to providing them training with requisite number of classroom programs about above courses. And this program is also running under R.C.R.L Educational Trust, Lucknow, a founder concern of GGI, Lko. Under this scheme, we could be able to select unemployed youths, got registered them on the website of PMKVY-TI 2018 and then started providing training to them without any cost. Our institute's motto is to develop an engineering skill to them and place them properly according to their skill. So that we may be able to achieve a 'VISION 2022' as dreamed by our beloved P.M. Mr Narendra Bhai Modi ji.

Pradhan Mantri Adarsh Gram Yojana (Sansad Adarsh Gram Yojana)

For the upliftment and to empower rural sector, our beloved PM Mr Narendra Bhai Modi ji on the birth anniversary of Jayaprakash Narayan, on 11 October 2014 started a rural development programme broadly focusing upon the development in the villages which includes social development, cultural development and spread motivation among the people on social mobilization of the village community. The distinct feature of this Yojana is that it is (a) demand driven (b) inspired by society (c) based on people's participation. Hence, to promote and educate these govt. driven social welfare programmes on priority base, Goel Group of Institutions, Lucknow under R.C.R.L Educational Trust also taking a willful initiative for it and adopted a village Budhnai situated at Haidergarh, Barabanki originally adopted by sitting MP of Barabanki, Ms. Priyanka Singh Rawat. With the help of our students, several works for social welfare such as drinking clean water through India Mark-IV Handpumps, to keep environment clean and green under “Swachh Bharat Mission” and “Beti paddhao-Beti bachaao” programme awareness programme to villagers were taught and about their social justice, several meetings having dialogue among villagers and GGI students & faculty members were taken place. In which we could be able to educate them regarding our constitution and Acts.

Medical Camps

The Institute organizes in-campus camps at regular intervals to spread health awareness apart from Blood Donation Camps in which our students, faculty and staff members participate with enthusiasm.

VICE CHAIRMAN'S MESSAGE

In an era of globalization, a well planned infrastructure and faculty is a must for a Conducive teaching-learning process in the campus and a good connectivity to the countries at large.

I hope that my thirty years experience of constructing marvelous buildings will fulfill a dream of my ancestors, my father, Late Sri Ramji Lal Agarwal and grandfather, Late Sri Roop Chand Agarwal, to provide grand building and world class infrastructure which enhances the moral and confidence of our students to face the challenges in corporate and professional world.

I hope that I will also create the landscape of my campus which is lush green, sprawling and eco friendly. In the end I would like to say that excellence is never an accident, it is the result of commitment, meticulous planning, firm determination and ceaseless effort.

I hope that we nurture sense of excellence in all our students and staffs.

Murari Lal Goel
Vice Chairman

DIRECTOR'S MESSAGE

Goel Institute of Technology & Management

"If you have rapturous desire for timeless achievements, then think of us".

Goel Institute of Technology and Management is on a fascinating path of growth and development. As it is completing 10 years of its establishment, it has established itself as one of the top technological institutes of the state.

Starting from, B.Tech. courses only, it has expanded in post graduate program in mechanical, electronics and computer science and engineering also. It has also facilitated the students to enter at diploma level in mechanical, civil and electrical engineering disciplines.

The faculty at the institute is a good mixture of young and experienced academicians and dedicated supporting staffs who work hard to develop students not only technically but also develop their intrinsic skills for overall personality development. Institute's excellent infrastructure, latest technology labs and 25 mbps internet facility round the clock helps the students to excel in their chosen field.

Institute is also having a Training and Placement cell which is continually working hard to fill the gap between industry and institute by arranging various seminars and workshops and thus enhancing their scope not only in campus placement but also in jobs of their choice at large.

I welcome all the students entering in 2018-19. We look forward to build a long lasting and mutually beneficial relationship with you.

Dr. A. K. Bhardwaj
Director-GITM

Approved by Ministry of HRD, AICTE,
New Delhi & Affiliated to Dr. A.P.J. Abdul
Kalam Technical University (Formerly
U.P. Technical University, Lucknow)

AKTU CODE: 360

Goel Institute of Technology & Management believes in imparting quality education to its students. The Institute has its quality procedures such as, Learning material development including lab manuals, lecture notes and exposure of students to the information available on Internet.

Salient Features of Gitm

The Institute lays great emphasis on total quality management through :

- Use of Latest Audio-Visual and other Technical Tools.
- Upgrading Laboratories, Library and Infrastructure continually.
- Innovation in Teaching-Learning Methodology along with Faculty & Staff Training and Workshops.
- Industrial Visits and Expert Lectures for necessary Industrial exposure.
- Active involvement of Students in department development activities.
- Presenting ample opportunities to students to enlarge their intrinsic qualities and values.
- Technical Forums of each department to bring out creativity & to develop confidence in its students.
- Alumni Students of six batches have been establishing their names in various national/International Industries / Institutes.
- Active participation of students in Annual sports/ cultural activity consisting group/solo performance to have overall development of their personality.

COURSES OFFERED

Dr. Vijay Shankar Singh
Dean (Academics)

Today education is most influential force for sustaining our culture & society. Keeping in view Goel Group of Institutions having five colleges GITM, GIPS, GIHS, GIHSM & M.R. Jaipuria school are providing education to the toddler to teens to face new challenges of society in the field of education. In Goel Group of Institutions qualified, experienced & committed faculties are working hard to achieve the objectives of education and fulfillment of expectations of corporate world. The mission of this institution is to develop & promote quality technical education in the state in a coordinated & integrated manner. The institution is also emphasizing on games & sports activities to avoid excess habitual textual leaning in class room. In such a way institute is motivating the students with both skill & comprehension and also to keep pace with rapidly advance developed world. I hope that this institution will definitely accelerate and give impetus to the students to become innovators of tomorrow. I wish bright future of all the students of Goel Group of Institutions.

Masters of Technology (M.Tech.)

(Full Time 2 Years Programme)

- Computer Science & Engineering
- Electronics & Communication Engineering
- Mechanical Engineering

Bachelor of Technology (B.Tech)

(Full Time 4 Years Programme)

- Computer Science & Engineering
- Information Technology
- Electronics & Communication Engineering
- Electrical Engineering
- Mechanical Engineering
- Civil Engineering
- Biotech Engineering

Diploma Engineering (Polytechnic)

(Full Time 3 Years Programme)

- Mechanical Engineering
- Civil Engineering
- Electrical Engineering

Masters of Business Administration (MBA)

(Full Time 2 Years Programme)

Lateral Entry (Direct Admission in 2nd Year) in B. Tech | B. Pharma | Diploma (Engg.) | (AS Per Affiliating University Guidelines)

DEPARTMENTS

Er. Brijesh Pandey
Head of Department (CS/IT)

Department of Computer Science & Engineering and Information Technology (B.Tech., M. Tech.)

Learning is a continuous process and does not end with the acquisition of a degree, especially because steady and rapid advances in computing technologies shorten the life of tools and techniques prevalent today. Therefore, we do not aim to make our students walking manuals of any language or package. Instead, they are given a strong foundation in computer science and problem-solving techniques, and are made adaptable to changes. We believe that this approach to teaching-learning, coupled with practical experience gained during Industrial Training in reputed organizations, equips our students to handle the challenges posed by the software industry. I am confident that you will find yourself worthy to show your talent in any organization globally.

ABOUT THE DEPARTMENT

Department of Computer Science & Engineering is committed to work together towards developing Power Engineers with a rich blend of competent, technical, managerial and social skills and contribute to nation building. The Department with qualified and experienced team of faculty dedicates to strengthen effective teaching learning process in the conducive environment well supported and full of curricular and co-curricular activities. The Department is wide open to innovative ideas, methodologies to establish itself as the most sought excellent learning center in this part of the state. Respected stakeholder, your inputs are essential to ensure that Department of Computer Science & Engineering maintains a positive, productive learning center. We encourage you to use the resources to achieve excellence.

DEPARTMENTS

Er. V.S. Srivastava
Head of Department (EE)

Department of Electrical Engineering (Diploma, B.Tech.)

The Electrical Department was inducted in 2010-11. Faculty members of our department are very passionate about teaching. They are encouraged to take independent initiative with collective responsibility in all the relevant academic and teaching curriculum development.

We take pride in having people with exceptional academic background and field experience as our faculty colleagues. We provide very informal atmosphere between Faculty & students. Laboratory facilities and the infrastructure are regularly updated and are well supported faculty by the institute. The primary objective of the department is to impart quality education and training at undergraduate level in the area of Electrical Engineering.

ABOUT THE DEPARTMENT

The Department of Electrical Engineering has been established in year 2010 on the demand of Electrical Engineering in power sector. Without the Electricity, Life is very difficult. Electrical Engineer deals with design construction, generation and distribution of electricity in power sector. In UPPCL, BHEL, SAIL, NTPC and other public sector like Railway etc the demand of Electrical Engineering Professionals are more. The Electrical, being core engineering branch finds its application in various streams of Engineering.

The department has excellent lab facilities and dedicated faculties and staffs who support students to face challenge of the industry.

DEPARTMENTS

Er. Faseeh Ahmad
Head of Department (EC)

Department of Electronics & Communication Engineering (B.Tech., M.Tech.)

Present era is the era of miniaturization. All bulky and heavy instruments/equipments of old times are now available in mini/micro level modes. Electronics and communication Engineering is the most versatile and fascinating branch of engineering as it finds more and more applications in daily human life systems such as Mobile phone, laptops, Digital cameras, space investigation, Customized energy efficient manufacturing etc. Hence, this branch plays a vital role in present scenario. This branch deals with analog and digital transmission, reception of data, basic electronics, solid state devices, microprocessors, digital and analog communication, microwave engineering, antennae, wave propagation etc.

The Department has well qualified, experienced and dedicated faculty ready to keep pace with advances in the field of Electronics and communication Engineering. It has state-of-the-art laboratories that are well equipped with sophisticated instruments & systems.

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering was established in year 2008 under the UPTU college code 360 (Course code 31). The Department was established with a vision to impart valuable education in the field of Electronics and its allied areas. It provides a platform of research in upcoming fields. Since its inception, the department has been providing quality education to the students at graduate level i.e. B.Tech. in ECE, further department has expanded to PG level i.e. M.Tech in ECE. A strong positive reputation of the department and college pulls companies like Sony India Pvt. Ltd, Hitachi, Samsung India Limited and many more for campus recruitment.

The forte of the department of Electronics and Communication is in the areas of Digital Signal Processing, Communication, Soft-Computing, Computer Vision and VLSI design. It has a blend of analog and digital equipment for hardware design, microprocessor and microcontroller programming, independent computing facilities to perform simulation based design using MATLAB, wireless suite, Mathematical, PCB and many more. Technical Co-curricular and extracurricular activities of the students include participation in paper presentation, workshops, seminars, quizzes, technical competitions and participation in cultural activities channelized through various clubs and events.

Er. Shiv Kr. Tripathi
Head of Department (ME)

Department of Mechanical Engineering (Diploma, B.Tech & M. Tech.)

Mechanical Engineering, an evergreen branch of Engineering, is one of the well equipped Departments of the Institute. It deals with design, installation, operation and maintenance of different types of machines and systems of industries like automobile, refrigeration, air conditioning, measurement etc. The Department has well qualified and experienced faculties from IIT's and NIIT's who are always keen to follow new trends and developments in different fields of Engineering & Technologies.

ABOUT THE DEPARTMENT

Ever since the establishment of this institution (in 2008), our primary goal for undergraduate students is to train future leaders with high-quality engineering education. The aim of department of Mechanical Engineering is to disseminate knowledge and technologies through quality teaching, research and its applications in mechanical and allied disciplines. We offer disciplines such as: M.Tech.(Mechanical Engineering), B.Tech., Diploma(Production). Along with this we are also a part of PMKVY-TI (Pradhan Mantri Kaushal Vikas Yojna -Technical Institute) in which streams like: Casting, RAC (AC maintenance), Welding, Moulding, Sheet Metal etc. are running in order to fulfill the dream of our Honorable Prime Minister Shri. Narendra Modi to enable the youth for its better future. Our students have proved their mettle by getting placed in reputed industries of India and abroad. We as a family of Mechanical Engineering, strive to excel in all the fields whether it be technical or sports activities, which shows the hunger for knowledge and overall development of students as a whole.

The Department has state of the art laboratories besides knowledgeable, experienced and dedicated faculties and staff. The students are inculcated with fundamental and technical knowledge to enable them to translate the theoretical knowledge into practical applications. Conferences, workshops and seminars are organized periodically which helps both the staff and students to update themselves with industries latest happenings. The Department has also proved its potential by guiding students in projects sponsored by Institution of engineering.

DEPARTMENTS

Er. Dhruv Kant Verma
Head of Department (CE)

Department of Civil Engineering (Diploma & B.Tech.)

Civil engineering is concerned with the environment and with the planning, design, and construction of facilities for meeting the needs of modern society. Our aim is to build a strong research and training environment that responds swiftly to the challenges of the 21st century. The department will be a leader in civil engineering education and at the forefront of educational innovation and disseminating new knowledge. Our graduates will be leaders and innovators in industry, education and governance for the state, nation and world. The faculty will be recognized for the quality of their research and will influence the national and international agenda.

We, at GGI, create and disseminate knowledge through research and education in the theory and application in civil engineering to serve state and nation in a better way, and to prepare our students to succeed and contribute to society.

ABOUT THE DEPARTMENT

Broadly a civil engineer is expected to plan, research, design and construct, Buildings and roads, Traffic and transportation and navigation Irrigation, hydro power, Water supply and sewage disposal, Dams and reservoirs, Treatment for industrial wastes disaster mitigation.

The department offers education at the undergraduate level, and the curriculum of Civil Engineering covers various professional subjects example :

- Strength of Materials
- Survey
- Structural Engineering,
- Foundation Engineering, Transportation Engineering,
- Irrigation Engineering, Hydraulics,
- GIS and GPS systems,
- Environmental Engineering,
- Earthquake Engineering
- Building materials & design

Dr. Ashutosh Singh
Head of Department

Department of Applied Sciences and Humanities

The Department of Applied Science and Humanities is one of the indispensable departments which provides the driving force behind a lot of rapidly changing technologies and develops an excellent base for engineers of all the branches who wish to apply innovative concepts to future developments.

This department imparts knowledge in the areas of Applied Sciences i.e. Physics, Chemistry, Mathematics, Environment protection to the students before they have their acquaintance with engineering subjects. Students are expected to have adequate communication skills so that they can acquire, analyze, store, retrieve and exchange information at various levels. The institute has established a language lab with a view to meet this need. It offers several value added courses to the students to improve their communication and interpersonal skills leading to personality development of the students.

Departments of Physics and Chemistry have their concerned labs with multiple sets of instruments/equipments to provide overall practical knowledge of the subjects to improve their basic science foundation. Great emphasis is given to human values and professional ethics which help to mould the students to be good citizens.

ABOUT THE DEPARTMENT

The very first interaction of the newly admitted students happens with the humanities department. The department not only helps them in understanding integrity of engineering but also helps them to overcome their personal problems & guide them to become future professional.

The Department of Applied Sciences and Humanities: has the unique role in complementing and enhancing the scientific spirit and technical knowledge with the humane and social values. The department offers a number of courses at the B.Tech Level.

The Department of Chemistry: the aim of the department is to provide a strong foundation in the fundamentals of chemistry. The Department of Physics: the department has highly active and vibrant faculty members committed to impart high quality research standards in pure and applied areas of physics.

The Department of Professional Communication: The Department not only enhances the communication skills of the students but also play a major role in developing their personality. By the time the students reach the second year a base is already set for them to bridge the gap between campus to corporate. The Department of Mathematics: Mathematical techniques are essential part of analytical and logical reasoning of all learning's. It is essential for all professionals to have sound knowledge of mathematics.

Er. Anjali Tripathi
Head of Department (Biotechnology)

Department of Biotechnology Engineering (B. Tech)

Amalgamation of biology and technology is biotechnology, a fast growing and evolving field in science. Biotechnology scenario in the world is changing rapidly and dynamically. To prepare the students for this competitive field of science, the curriculum and syllabi is crafted to impart current advancement and understanding about biotechnology along with basic knowledge about research and thus, provide a substantial basic foundation of biotechnology in our students.

ABOUT THE DEPARTMENT

The Department of Biotechnology is committed to apply biological principles to biological sciences in order to develop systems and processes that will prove to be beneficial for the society. The faculty members are fully dedicated and committed in order to achieve this uphill task with the available state-of-art infrastructure and facilities. The department was established in year 2014 and this will be the first passing out batch.

We focus on research based studies so that students are getting exposure as per the industry demands. We often conduct guest lectures by experts of various area of biotechnology. Faculties help students for preparing and getting the jobs in industry as well as research labs.

We the GOELIANS have a pride moment to be a part of DIPLOMA affiliated to B.T.E UP within Goel group of Institutions having glorious past four years history of academics, sports and other cultural events under one roof.

J. S. VERMA
Principal-Diploma

Department of Diploma (Polytechnic)

Diploma Engineers play a vital role in infrastructural development. With a diploma in various fields, you can literally change the world; you can watch your work impact positively on people's lives every day. Diploma Engineering helps to create and protect the world that we live in by delivering a sustainable constructed environment to enhance the quality of life for present and future generations.

Driven by teaching and research excellence, we inspire and empower our students to engineer a better future. We nurture and develop the next generation of globally recognized engineers and researchers by providing them theoretical knowledge with practical experience.

Courses Offered

BRANCH	DURATION	SEATS	ELIGIBILITY
Diploma in Civil Engineering	3 Years	120	10th Pass
Diploma in Electrical Engineering	3 Years	60	10th Pass
Diploma in Mechanical Engineering	3 Years	60	10th Pass
Diploma in Civil Engineering (Lateral Entry)	2 Years	12	12th Pass (PCM Group)
Diploma in Electrical Engineering (Lateral Entry)	2 Years	06	12th Pass (PCM Group)
Diploma in Mechanical Engineering (Lateral Entry)	2 Years	06	12th Pass (PCM Group)

Dr. Shailendra Kumar Shukla
Vice-Principal (Diploma)

For Diploma, it is really a moment of pride to be a part of Goel group of Institutions having glorious past ten years history of academics, sports and other cultural events under one roof. Since inception, the aim of institution is very much clear as to produce high quality technocrats equally with cultivation of ethical values and aesthetic taste to become Indian in true sense. Our aim is to become a vibrant knowledge and innovation centre by imparting world class quality education and Centre of excellence in teaching, especially in diploma sector education affiliated to B.T.E. Lucknow, (U.P.).

Diploma at a Glance

Since inception, the aim of diploma is very much clear as to produce high quality technocrats having vibrant knowledge and innovation. To achieve it we are working 24x7. We have three branches of diploma as Civil Engg. with intake (120 students) Mechanical Engg. with intake (60 students) & Electrical Engg. with intake (60 students). And lateral seats for each branches with total 24 seats. Under these branches 650 students are enrolled which is a huge number. For this tally of students we have highly qualified and experienced faculties providing quality education to the students through modern technique teaching skills. Also we have vibrant high-tech classrooms having white board facilities. Well equipped labs having all instruments, modern library, ultra high tech computer room (centrally air conditioned) and work shop to enhance their scientific & technical skill with cultivation of ethical values and aesthetic taste. Diploma sector of GGI, has all sorts of high-tech and modern amenities, such as modern class-rooms having projector facility with Wi-Fi facility. We also have lush-green fields and all sorts of sports instruments to develop those sports man spirit.

DIRECTOR'S MESSAGE

GOEL INSTITUTE OF PHARMACY & SCIENCES

Goel Institute of Pharmacy & Sciences

"Gateway To Life Enhancing Career".

Dear Friends,

I heartily welcome you all at Goel Institute of Pharmacy & Sciences a prestigious institute situated in heart of the city, Lucknow, Uttar Pradesh. The institute is committed to develop dynamism, strong human value, technocratic and good leadership qualities in all our students with a team of well experienced, highly qualified and dedicated faculty. I am happy to inform that institute has completed its 10th glorious years. The idea of putting the foundation of an educational institution was so inspiring: that a planted sapling is now all grown into a large tree. In these golden years institute has carved out its own niche in various fields of pharmacy and our students have excelled in the university as well as competitive national level examinations.

The present is changing rapidly, as a result the demand of industry also changing continuously. Institute has very strong links with the industry and continues to receive generous support from various organizations that proves to be of immense value in arranging training and placements for the students to strengthen their technical & personal skills. We believe in motivating the students to realize their own potential, analytical and ethical capabilities using up-to-date infrastructural facility in the campus to become a globally competitive professional and worthy citizen of our great country, India.

It is very difficult to believe that what was once dream is being fulfilled now. I am enthusiastic to maintain a goal to develop the career of the blend of extraordinary and smart students studying in this institution from each and every corner of the Uttar Pradesh, as well as to organize different kind of job opportunities in various organizations. It is my pleasure to invite you people who are the young minds of today and the responsible citizens of tomorrow at Goel Institute of Pharmacy & Sciences, Lucknow.

Dr. Amresh Gupta
Director-GIPS

(Approved by Ministry of HRD, AICTE, & PCI, New Delhi and Affiliated to Dr. A.P.J. Abdul Kalam Technical University (Formerly U.P. Technical University), Lucknow and Board of Technical Education, Lucknow)

"If you want to sing the saga of success, then think of us"

AKTU CODE: 392

BTE Code: 722

Goel Institute of Pharmacy & Sciences, Lucknow is located in the heart of the city and far from hustle and bustle free environment was established in the year 2008 with four - year Bachelors program in Pharmacy (B. Pharm). Institute is affiliated to Dr. A.P.J. Abdul Kalam Technical University, (AKTU), Lucknow & approved by the AICTE, and Pharmacy Council of India (PCI), New Delhi. The institute started the Master Program in Pharmacy (M. Pharm.) in 2012 Approved by AICTE & affiliated to Dr. A.P.J. Abdul Kalam Technical University, (AKTU) and Diploma in Pharmacy (D. Pharm) in 2017. The D. Pharm is affiliated to Board of Technical Education, Lucknow.

Batches have passed out with excellent academic records and most of the students are working in various well known pharma industries in Quality control, Production and pharma marketing.

Students of the institute have formed a technical forum "Pharma Pharazers". The aim of the forum is to develop a sense of devotion towards their profession by organizing various blood donation camps, Hospital training, Industrial Visit, Industrial Training and rural visits for awareness of health etc.

An age-old career, pharmacy is continually opening new vistas in the medical field. Globally pharmacists are providing excellent support for patient health management system, new drug development and have become the pillar in health management system. Goel Institute of Pharmacy and Sciences is dedicated to nurture the future pharmacist who can work for the sake of nation through imparting high quality job oriented education and training. We make the rigorous fusion of practical & theoretical knowledge to enhance the education of students with emerging new world.

DEPARTMENTS

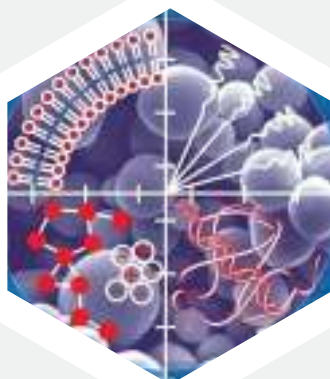

Dr. Satyawan Singh
Head of Department

Department of Pharmaceutics

Pharmaceutics is one of the disciplines in the pharmacy, which deals with formulation of a pure drug substance into dosage form. Programs lead to specialization in formulation development, manufacturing technology, and process development areas, which are essential specializations for manufacturing of traditional and novel drug delivery systems.

It involves theoretical and practical sessions in the following areas, dosage form design, advanced pharmaceutical method of analysis; drug regulatory affairs, biopharmaceutics and pharmacokinetics, dosage form technology, advances in industrial pharmacy, and novel drug delivery system; projects touch upon formulation development, stability studies, and process validation for traditional and novel drug delivery systems with research methodology.

Department of Pharmacology

This Program leads to specialization in pharmacology, which is an integral part of the drug discovery and drug design processes. These processes deal with identification of lead molecules that could have potential therapeutic activity due to specific molecular and receptor affinity, and analogous structure to specific sites and proteins in the body.

Program covers theoretical and practical sessions in the subjects molecular Pharmacology; general pathophysiology; pharmacology and pharmacotherapeutics, clinical research methodologies, advanced pharmaceutical methods of analysis; drug regulatory affairs, quality assurance and biostatistics and other subjects, several projects that are aimed at developing and exploring novel receptor targets, and mechanisms for drug action in the pathophysiological stages of the disease.

Mr. Amit Kishore Srivastava
Head of Department

DEPARTMENTS

About Department of Diploma (Pharmacy)

Youth is the Icon of India and so are the students at GGI; their dynamism, enthusiasm, thought, zeal and goal for high destiny are fortune for them and for the Institute. I too wish to be a partner in your mission to be a true professional- technically as well as humanly. It's the endeavor of GGI to scale you high and at the top in career. I along with faculty are making you academically sound; and I, as a Principal, to shape your attitudes, mannerism and to shape you as a law abiding citizen.

"All laboratories are in sync with the demands of each course. Spacious well-lit and fully equipped learning areas make it a pleasure to acquire knowledge."

Dr. Akash Ved
Principal (D. Pharm.) Proctor (GGI)

Dr. Stuti Tripathi
Head of the Department (MBA)

Dear Friends,

In the era of globalization, the corporate world is becoming more competitive with every passing day. There is a need to develop a new set of competencies for students passing out from business schools.

Our rigorous training modules by experienced faculties and industry imparts the necessary fundamentals. This is backed by intensive industry exposure activities to ensure holistic development. Students are updated enough for the requirements posed by outside world. They are given exposure to most advanced technologies through frequent industrial visits, seminars, workshops & group discussion under the guidance of experts.

We believe that this approach enhance their managerial skills and enables our students to exceed industry expectations.

Approved by Ministry of HRD, AICTE, New Delhi and Affiliated to Dr. A.P.J. Abdul Kalam Technical University (Formerly U.P. Technical University), Lucknow)

AKTU CODE: 660

The curriculum and pedagogy of two year Master of Business Administration has been structured with a view to develop business leaders, entrepreneurs and management professionals for meeting the challenges of the emerging global business environment.

The institute began its journey with a dedicated agenda to transform the student from diverse backgrounds to globally accepted leaders. **UDAAN** forum of future managers is setup by students to get involved in planning, organizing and participating in various activities and events. Forum organizes various activities at campus such as industry interaction sessions, cultural programs, academic and sports activities for cultivating competitive feeling among them.

Institute has tied up with National Stock Exchange (NSE) and jointly launched the course of NSE Certified Capital market Professional (NCCNP). The Institute publishes an interdisciplinary UGC Approved biannual journal "**Pinnacle Des Academia**" and an annual magazine "**Swastika**".

Course Offered:

MBA (Master of Business Administration)

Specialization:

Finance Management/Human Resource/ Information Technology/
International Business/Marketing/Rural Development

ABOUT THE DEPARTMENT

With Indian companies making a mark on the global scale, there are vistas galore that open up for a Business management graduate. The demands of contemporary corporate world hinge on efficacy in management. Therefore, an MBA degree is high on a youth's priority. The Institutes has one of the best infrastructure facilities to impart professional education in the country. They are also equipped with audio visual aids along with internet facility for instant update on developments.

Innovative and experimental techniques are deployed to impart knowledge and develop professional skills.

The GIHS-MBA program is purported to shape a learner's mind and personality; in tune with the highly competitive business environment with a faculty drawn from a select pool of talent.

PRINCIPAL'S MESSAGE

GIHS Mahavidyalaya

"We grow because we struggle, we learn and overcome"

Dear Friends,

We offer the courses of BBA, BCA, B.COM. & B.COM. (Hons) GIHSM primarily intends providing an ideal platform for the students to channelize their creative outburst and lend expression to their thoughts and views on various aspects in a sensible manner.

In this era, the corporate world demands individuals who are not only skilled but are innovative thinkers and are confident to face everyday challenges.

We focus on potential for each individual student and prepare them to cope up with the high level of performance in the contemporary stressful corporate world. We inculcate in the students the habit of lateral and innovative thinking, reading habit, research orientation, decision making capability along with nurturing and developing physical and mental strength to sustain and excel under any situation. The students are groomed by well qualified skilled and experienced teachers GIHSM aims transformation of students into successful professionals. The NSS unit of the collage frequently organizes social welfare programs and special camps every year giving ample opportunities to students for service and self development in social interest.

Dr. Santosh Pandey
Principal

(Affiliated To Lucknow University, Lucknow)

Institute offers a spectrum of professional bachelor degree programs in domains like Management and Computer Application & Commerce. Classes of spoken English, cultural heritage and personality development are also conducted. For overall development of students NSS, games sports and extracurricular activities are regular phenomenon.

The Institute provides a healthy atmosphere for education that builds the way for a brilliant career in the highly competitive global market. The Institute has a flexible system always striving towards the betterment of its students. We are committed in leveraging the facilities and the system to the world class standards and our goal is to provide academic and professional resources to prepare its students to function as prominent and responsible members of an international community.

NSS has been introduced to inculcate the feelings of nationalism, self discipline, and social service in the students.

BBA (Bachelor of Business Administration)	B.Com. (Bachelor of Commerce (Hons.))
BCA (Bachelor of Computer Application)	B.Com. (Bachelor of Commerce)

*Bachelor in Fine Arts

BFA (Applied Art)	BFA (Sculpture)
BFA (Painting)	BFA (Textile)

* Approval awaited

Goel Institute of Higher Studies Law College

Bachelor of Legislative Law (LL.B.)

L.L.B. or Bachelor of Legislative Law is an undergraduate law course offered by Lucknow University. The course is divided into six semesters and admission to the same is based on entrance exams like CLAT, LAW CET to name a few. On completion of the 3 Year Course, i.e., after the 6th semester, the LL.B. degree is awarded.

All fresh law graduates or those who have already cleared their law graduation but have not yet enrolled with the bar council must clear a bar examination (All India Bar Examination) to be entitled to practice before courts or tribunals in India. The process of enrolment confers a license to the holder to practice before any court in India and give legal advice. The entire procedure of enrolment and post-enrolment professional conduct is regulated and supervised by the Bar Council of India. L.L.B. Law degree qualifies a student to become Lawyer or work in a Legal Department. Bachelor of Law Degree Instruction material includes Seminars, Tutorial Work, Moot Courts and Practical Training Programs.

Duration: 3 Years

Level: Graduation

Type: Degree

Eligibility: Graduation For General and other backward classes candidates must secure at least 45% of marks and for Scheduled Castes and Scheduled Tribes minimum number of marks obtained should be 40%

Scope of LL.B.

Degree in Law not only offers just employment, but it also provides a person with an instrument to fight against inequality and wrong deeds of all types in the society.

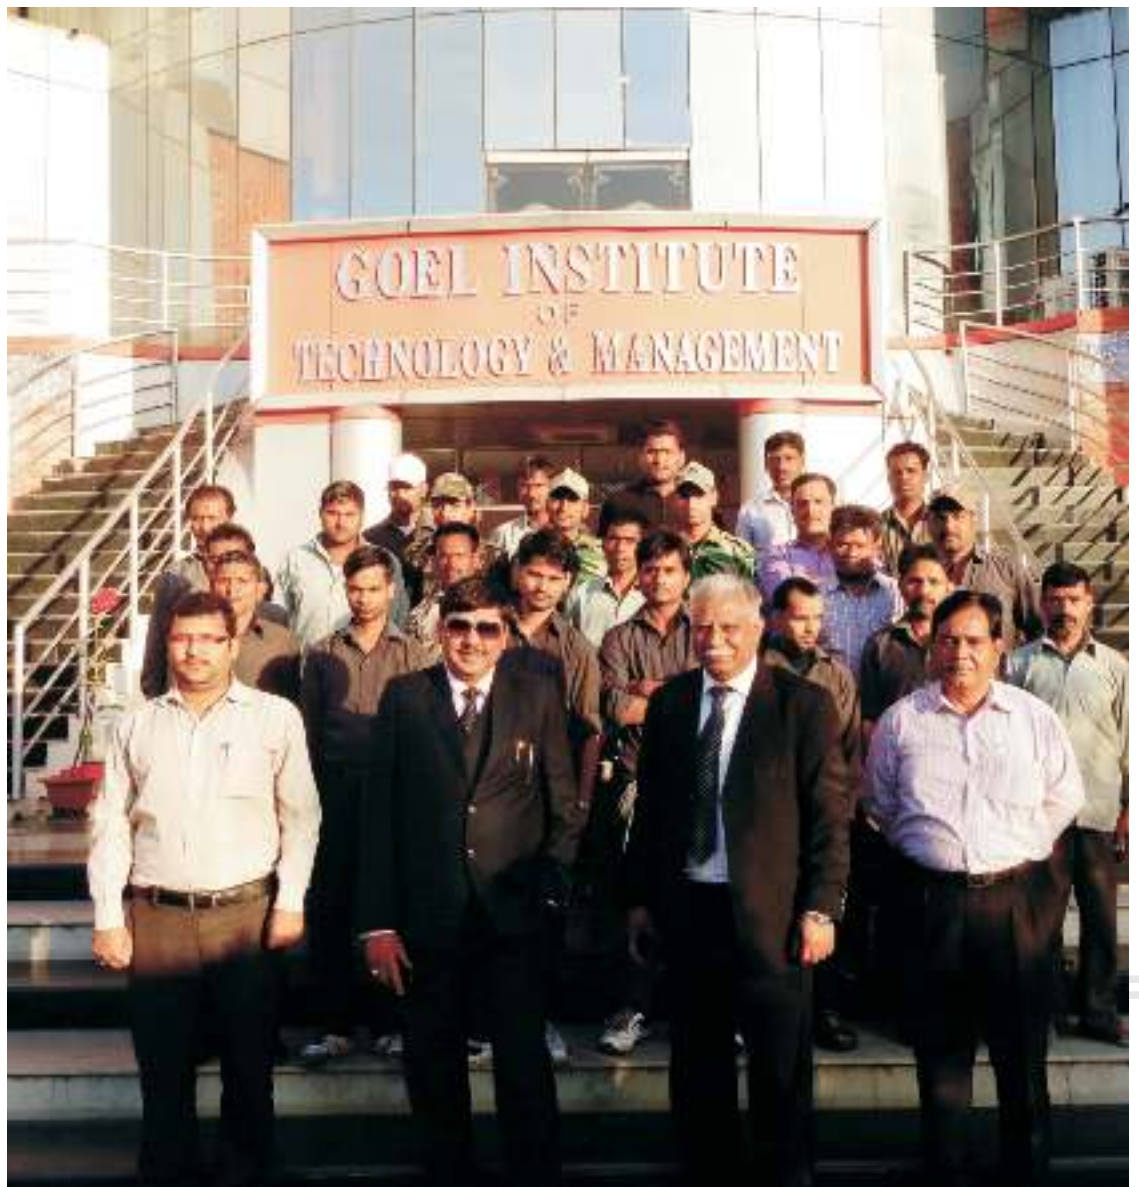

- There is a certain amount of prestige with this profession as Law is the base of the society and a vital weapon of social change. Nobody messes with a Lawyer because that person himself deals with Lawlessness.
- Lawyers can find employment opportunities in both public and private sector organizations. Most Lawyers prefer to become an advocate and practice law as a profession. Central/State Government jobs are also open to Lawyers. They can be appointed as Judges of various courts, as Attorney and Solicitor General, as Public Prosecutor and in Defence, Tax and Labour departments. Moreover,
- Lawyer can also work as legal counsel and legal advisers for firms, organizations and families.

Arun Gakhar
Director Administration

A campus of 25 acre buzzing with incessant activity requires an adept administrative support staff. I am happy to note that our admin department is up to the mark in all respects. The back-up staff is geared to take care of all administrative duties and tasks. Housekeeping, maintenance, transportation and security are our principal responsibilities.

GOEL GROUP OF INSTITUTIONS (GGI) was established in 2008 and has been the pioneer in providing best quality education in the field of Engineering, Management, Pharmacy and Diploma since then. We are celebrating completion of a decade this year; it has never been on the back foot in delivering to the ever changing needs of the modern industry. Development of multiple competencies in students helps them carve a unique identity of their own and bring a sense of clarity in selection of career paths. The Techno-managerial skills acquired by the students during the course of the programme, establish them as assets to the organization they work for. GGI is not just an educational institution; it is an experience that is to be relished all throughout the life.

CENTRAL LIBRARY

Library is back bone of an educational institution. The library is a place to visualize future generating ideas and disseminate vast knowledge available in this world. The role of a library in any academic institution is like that of brain in the human body.

The library at Goel Campus is more like Integrated Knowledge Resource Centers that are stocked with more than 35000 books in total; periodicals, references, national and international journals, covering all aspects of academic studies and research materials. For the convenient working our central library has ultra modern software which helps to maintain proper records & documentation. The library is also has “E-Library” Section which have the facility of e-books and e-journals.

The book bank facility provides reference and basic knowledge of text book to the students of Group. Having laced with contemporary technology and centralized air-conditioned hall gives suitable atmosphere to our students for their sound study. we are also institutional member of DELNET, Delhi

COMPUTER LAB

To comply with the state of the-art infrastructure Goel Institute of technology and Management has made available over 500 personal computers equipped with the latest soft ware's and connected to the latest accessories and services and other gadgets. The Labs are equipped with latest soft ware's which include different Language Compilers, Operating Systems, Visual Studios, and packages for academics and administrative Purposes. The Labs are fully air conditioned with Wi-Fi internet facility having bandwidth more than 40Mbps. The Higher bandwidth facilitates students for the webinars/NPTEL Courses and time to time Prime Minister Address to students about various issues.

Goel Institute of technology & Management are equipped with high-end servers and workstations. All the resources at College are upgraded frequently to ensure that students are finely tuned to current trends in the World of technical advancements. Every student gets at least 15 hours time per week for hands-on computing experience as part of a guided learning session under the supervision of an expert faculty member.

SEMINAR HALL/CONFERENCE ROOM

GOEL GROUP has nicely designed seminar halls & Conference rooms which are fully Air- Conditioned. These are Equipped with modern latest audio-video technological facilities which gives our young generation a glimpse of the professional world. Large assembly's functions, extension lectures, rehearsals and presentations of various curricular activities are organized in various seminar halls conference room as per requirement.

AUDITORIUM – “GOELPLEX”

The newly built auditorium of our Institute of 600 Seating capacity is installed with latest furniture, sound proofing, equipment like, multimedia LCD projectors/display, Wi-Fi Internet facility, Audio-Visual aids etc.

PLAYGROUND

Along with wide variety of sports & cultural/intellectual activities contributing to Goel Institutes' sparkling life, we have sprawling playground. We have earned a status for success in intercollegiate competitions and tournaments, sometimes teaming up with other colleges. We provide indoor and outdoor sports facilities including athletics, badminton, football, volleyball, table tennis, basketball, cricket etc. Students participate in Sports with great enthusiasm.

Our Campus has a gymnasium with most modern equipment so that students can work out in the morning & evening to gain freshness. We organize Sports & Cultural events on yearly basis for the students in the campus. Students participate in all the events with full enthusiasm. Institute sponsors Trophies, Shields and Cups apart from sponsoring prizes for Winners to encourage various games & sports.

ON CAMPUS RESIDENTIAL FACILITY

Separate Ultra Modern Hostels for Boys and Girls are available in the campus. All Rooms are spacious, well ventilated, illuminated, air-cooled & well furnished. All 4 Seater & 3 Seater rooms have traditional common bathrooms with hot water facility.

Residential Facility is offered on First Come First Serve basis, or otherwise as decided by the Institutes. The location of the Residential Facility, floor and room pattern are subject to change from time to time.

Healthy food is prepared under the supervision of the administrative staff. Students keep themselves fit by playing games like Cricket, Football, Badminton, Basketball, Volleyball, Table Tennis etc. Well Equipped Gymnasium is also available in the campus. 24 X 7 power backup and Wi-Fi internet connectivity supplements the hostel life. The whole campus is under CCTV surveillance and active team of Security Staff Hostel and Mess charges include daily three meals, Wi-Fi internet, 24 X 7 power backup, Gymnasium and other hostel amenities.

IN HOUSE MENTOR SUPPORT

The residential students get after-hours guidance and support of their Faculty & staff, in case they need any academic or life advice.

SAFE AND SECURE CAMPUS

The Institute is committed to zero tolerance to ragging, alcohol, smoking, drugs and disciplinary misconduct. A majority of security personnel, security guards, bouncers & Gunmen accordingly regulate entry & exit to residential facility & other campus as well.

CONTINUOUS MONITORING THROUGH CCTVS

Goel Campus security department provides the necessary electronic security support system with around 100 CCTV cameras for the safety of the students and staff & amenities.

AMENITIES

CANTEEN

Two well furnished cafeteria of about 2000 sq. ft. each are functioning in the campus. It serves both staff and students in hygienic environment.

POWER BACKUP

The Institute has three large capacity generators of its own and uninterrupted power supply is available 24 hours for a nonstop efficient working of the campus which bear the load of all classrooms, labs, offices & other common areas.

TRANSPORTATION

Deluxe buses are available for students to provide them better and comfortable conveyance facility from each corner of the city. AC buses are also available for the Staff & Faculty.

AMPLE PARKING FACILITY

A Large free parking facility is available for Day scholars as well as residents/ students, faculty & staff in Campus.

CLEAN & GREEN ENVIRONMENT

GOEL Campus is one of the greenest campuses in our city. The greenery makes for a great learning environment and promotes creativity, to support green environment we celebrate our foundation day as Green day & we plant every year more than 500 plants in campus.

MEDICAL ASSISTANCE

The campus has a 24 hours medical assistance & tie-up with nearby hospital(s) to manage all sort of unavoidable emergencies.

BANKING & ATM FACILITIES

The Institute has a tie up with Nationalized Banks. This allows the opening and operation of accounts for every student through cheque book or debit cards. The bank is operating its own ATM machine and with an extension counter at the campus.

The Bank of Baroda has a fully fledged bank with core banking network, ATM and internet banking facility within the campus is within the campus of Goel Group of Institutions. It offers all type of banking services to the staffs and students. Moreover we have two ATMs of Tata (Intex) & Bank of Baroda at our main Entrance gate.

BANK LOAN ASSISTANCE

The Institute has set up separate loan assistance to enable the students, at the time of admission, to obtain loans from banks for which we issues Education Loan Letter to the concerned students.

RAGGING FREE CAMPUS

The Goel Group abhors the concept of harassment, exploitation and suppression of new students. Ragging is strictly prohibited in the campus and strict vigilance is kept. In order to prevent ragging institute has formed Anti Ragging Committee. Ragging is criminal offence & punishable under Government Order No. 2039/70-I-2004 dated 13th August 2004.

Goel Group provides a serene atmosphere for studies in campus and maintains discipline of all its members. There is a good coordination of students, faculty, parents, and management to maintain the harmony among the people.

ZERO
TOLERANCE

24 HOURS HELPLINE

For any kind of assistance we have 24 hour helpline number facility.

PROFESSIONAL COMMUNICATION LAB

In today's competitive age it becomes almost mandatory for all students to be perfect at communication. The institute helps the students to achieve the same and has set up a lab especially designed to improve the communication skills at individual level.

Practical, interactive, easy to learn manner sessions, help the students hone their communication skills with the help of software, stereophonic aids, projector screens, etc. The prime objective of the lab is to facilitate teacher-students' interaction for focused & productive language learning session.

CENTRAL WORKSHOP

Workshop is well equipped with Lathe Machines, Shaper Machine, Milling Machine, Drilling Machines, Tool & Cutter Grinder, Power Hacksaw Machine, Welding Machines (Electric & Gas), Wood Working Lathe Machine, Hand Shear Machine, Foundry, Forging, Carpentry, Sheet Metal Shops & all the necessary tools, vices etc.

EXTRA-CURRICULAR ACTIVITIES

Goel Group always takes out spare time to celebrate from the busy teaching schedule. Various events are organized, giving the students an opportunity to display their hidden talent on Foundation day, Teacher's Day, National Festivals, Religious and Annual Cultural, Technical & Sports meet named "NAVAL".

Naval is celebrated over a week period at the beginning of even semester. It comprises of various events like Sports, Literary, Technical and Cultural. The purpose of "NAVAL" is to extract interesting and innovative ideas from students. The participation of students in these events helped them in all round development beyond focusing on academic excellence.

MESSAGE FROM TRAINING & PLACEMENT CELL

The training and placement cell of Goel Group of Institutions, Lucknow handles campus placement of B.TECH, M.TECH, Diploma (ENG), B.PHARM, M.PHARM., BBA, BCA, MBA, B.Com. and B.COM (H) students. The placement cell provides complete support to visiting companies at every stage of placement process. Arrangement for pre placement talks, written tests, interviews and group discussions are made as per the requirement of visiting companies. The cell has modern infrastructure facilities for receiving various companies in the campus.

The department is geared up to provide its quality services not only in employment to students during studies, but also their employability through well planned and organized training and personality development programme and their development to face the corporate world. The cell also organizes seminars, group discussions and mock interviews as part of career guidance and personality development.

It gives us immense pleasure to see our students scaling new heights in their career, the advent of which is through campus recruitment. The team placement works day in day out to ensure that the best of the corporate visit us to recruit our students and thus ensure that a right foundation is given to the students.

So far, Goel Group of Institutions has placed more than 800 students in 97+ odd companies either by inviting companies for campus drive or arranging the off-site interviews. Students from not only Goel Group of Institutions but from various other colleges have participated in the open pool campus. The highest package being offered so far was Rs 6.00 LPA.

Akhilesh Awasthi
Training and Placement Officer

TRAINING & PLACEMENT DEPARTMENT

Computer Science and Engineering/Information Technology

Scope of Employment

- As Developers and specialists in high-end services and IT-product companies.
- As Development Engineers, Technical Leaders and Managers.
- As Academicians and Researchers in India and abroad.
- As Consultants, Solution Developers and Entrepreneurs.
- Computing Specialists in Research Labs and as Technology Providers

Electrical Engineering

Scope of Employment

It is well said for electrical engineers that “No resistance can drop our potential. “ Engineering on a whole is itself a choice to choose as a career, Electrical engineering above is really lucrative for making career.

Electrical Engineering has the responsibility of designing, developing and maintaining the electricity based controlled Signal & System and devices.

There is a myth about the deficiency of electrical Engineering Jobs but the real scenario is that there are plenty of jobs for worthy candidates. The Scope for aspirants after completing B. Tech in Electrical is very vast in terms of career as this field now covers a range of sub-disciplines including those that deals with OPTO electronics, artificial intelligence, digital electronics, control signal and System etc.

- Power Grid Corporation of India Limited. (PGCIL)
- Bharat Heavy Electronics Limited (BHEL)
- Steel Authority of India Limited (SAIL)
- Coal India Limited (CIL)
- National Thermal Power corporation (NTPC)
- Uttar Pradesh Power Corporation (UPPCL)

TRAINING & PLACEMENT DEPARTMENT

Electronics & Communication Engineering Scope of Employment

Having a further look at the career prospects, there is bound to be huge demand for competent engineers in electronic industry to cope this demand in technology. The engineers would be involved in sustaining cutting edge technology to stay ahead in competition.

- An electronic engineer can find a job in Consumer electronics manufacturing organization , Telecommunication & IT industries, Health care equipment manufacturing , Mobile communication(2G,3G,4G), Internet technologies, Power Electronics, and other industries like steel, petroleum and chemical industry, directing control and testing production process.
- Electrical Technicians and technologists can specialize in technical sales, product representation, systems management, the design and manufacture of electronic devices and systems, or the installation, maintenance and repair of electronic systems and equipment.
- They may also work with computers and electronic equipment in the medical, manufacturing, industrial control, telecommunications, aeronautical and military fields. ECE also have several job openings & good pay-packages as compared to other branches.
- Electronics and Communication Engineers are acquired by top recruiters (both private and government) like DMRC, Siemens, Motorola, Intel, Texas Instruments, BEL, ISRO, DRDO, Accenture, Wipro, HCL Technologies, NVidia, Samsung, Tech Mahindra, Infosys, TCS, Conexant, MTNL, AIR, BSNL, Indian Air force, Indian Navy, Railways, Bharat Electronics Ltd and Flextronics and Philips Electronics.

TRAINING & PLACEMENT DEPARTMENT

Mechanical Engineering

Scope of Employment

There is wide scope of job avenues for Mechanical Engineers in India. Few job avenues are highlighted below:

Aerospace Industry : researches, designs, manufactures, operates and maintains aircraft

Automotive Industry : designs, manufactures, distributes and markets motor vehicles

Chemical Industry : covers oil companies, chemicals manufacturers and the businesses that support them (e.g. to build new plants or develop new process technologies)

Construction Industry : designs and builds infrastructure, buildings and buildings services (e.g. heating and ventilation)

Defence Industry : provides equipment, support and services for the armed forces and national security

Electronics Industry : designs and manufactures components and complete equipment for sectors from automotive to medicine and the military

Fast moving consumer goods Industry : manufactures products such as household cleaning items, personal hygiene goods and convenience foods

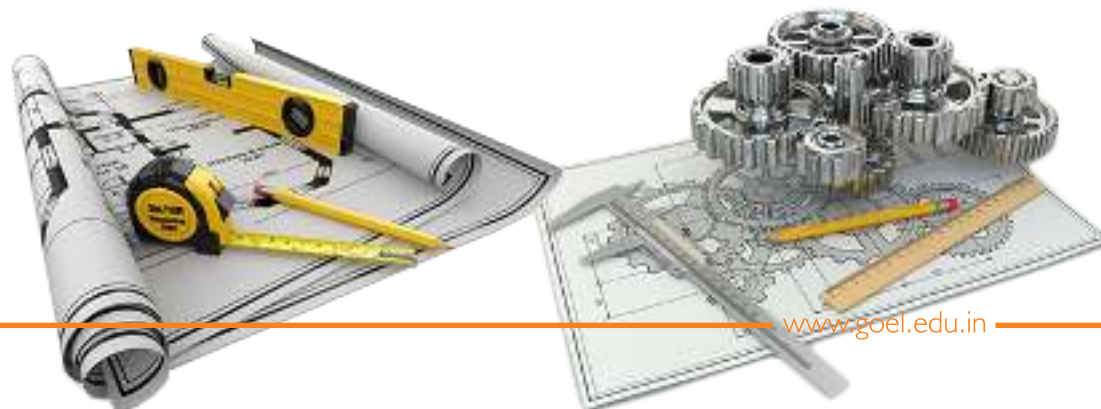

Marine Industry : develops and helps operate vessels

Materials and metals Industry : activities include developing new materials and manufacturing components or end products

Pharmaceuticals Industry : develops and manufactures drugs

Rail Industry : designs, constructs, manages and maintains rail system components from trains and tracks to electrical power systems and train control systems

Utilities Industry : helps supply power, water, waste management and telecoms

Civil Engineering

Scope of Employment

When planning to find a career in a conventional and promising branch, Civil engineering is one of the most sought after options among students in India. It is one of the oldest engineering specializations. Jobs varying from planning, implementation and designing of wide range of structural activities are available for civil engineers after graduation.

A career after Civil Engineering is highly rewarding. There are jobs that involve supervision, construction, design and analysis of private as well as public projects such as dams, highways, canals, water sewages and bridges. The profession demands excellent skills for both administration and supervision of projects. Excellence and responsibility are important factors associated with job. In other words, whenever you see or read about and popular landmark in the world (Iconic works like Golden Gate Bridge, The gateway of India, Burj Khalifa etc.) there is a civil engineer involved in the construction.

Career Prospects

Students are prepared to work in the bioscience industry in the areas of Research & Development in Vaccine production, Bio-fertilizers production, clinical testing, and diagnostic work. Potential employers include biotechnology and pharmaceutical companies, as well as laboratories in hospitals, government, universities, horticultural industries, conservation organizations, Beverages industry & agricultural industry.

TRAINING & PLACEMENT DEPARTMENT

Department of Diploma

Scope of Employment

Scope of Diploma – Diploma stream though a technical degree focussed on practical and skills-oriented training but different from graduate technical degrees like B. Tech etc. In fact diploma is a technical degree covers to provide students with industry or job related engineering knowledge, scientific skills, computing & analysis. For diploma holders, our aim is to provide them employment as technicians, technologists, supervisors, superintendents, foremen, machinist, workshop technicians, draughtsman, station technicians (energy, thermal, aeronautical), automobile technicians, maintenance & service technicians, equipment mechanics and CAD/CAM programmer, agricultural overseers, instrument technicians, junior instructors, manufacturing, tool and die designers, electricians...etc

Department of MBA

Scope of Employment

A buffet of various jobs in industries such as retail, banking, hospitality, media, information technology (IT) and information technology enabled services (ITES), and free-moving consumer goods (FMCG) is lavishly spread before them.

Jobs are available with titles such as brand manager, sales manager, marketing manager, product manager, market research analyst, media planner, and Internet marketing manager.

In Finance open up career opportunities in various sectors including banking and financial services, investment banking, management consulting, insurance, wealth management, asset finance, and hedge fund management.

The Operations management is a valued specialization across all industries, including telecom, IT, and e-commerce. Job titles include supply chain manager, logistics manager, inventory control manager, project managers, and operations manager.

TRAINING & PLACEMENT DEPARTMENT

Overseas career : Some of the B.Pharm graduates are choosing to fly overseas and make their career bright. By scoring well in GRE, TOEFL, IELTS etc entrances they can pursue M.S, MBA and other pharmacy related courses in US, UK, Australia etc.

Marketing : There is a big scope in sales dept of pharmaceutical companies making tools and machines for research, these companies hire graduates for their marketing and sales as MR, project managers etc. Here salary ranges from 7-20 thousand. Pharmaceutical MBA is most heyday in this field.

Clinical research : Recently, Clinical research has also open its door for B.Pharm graduates as medical underwriter, CRO, data validation associate, clinical research associate etc.

Production : Large rate of vacancies are appearing in pharma industries for production. All the big firms invite suitable skill pharma individual in manufacturing units. Initial pay is less around 6000-10000 per month but later it show faster growth rate than any other line. Manufacture of pharmaceuticals involve all the drugs in different dosage forms and cosmetics.

Quality control: Some government jobs like government analysis is associated with it. They have to develop, apply, revise, and maintain quality standards for processing materials into partially finished or finished products. Helps in designing and implementing methods and procedures for inspecting, testing, and evaluating the precision and accuracy of products and prepares documentation for inspection testing procedures.

Scientists : Pharma graduates can absorb as scientist in R&D and F&D. It is field of innovation where talented people in pharmacy working as scientist. Numerous researches are going on in India though compare to less than US and other British industries. Very less candidate from B.Pharm are selected because lack of knowledge but those who have all ideas of subject are greeted in this field.

Lecturer : Usually, graduates in pharmacy can also make their career in academics. In some institutions they are eligible to work as lecturer for diploma students.

M.Pharm is master degree of pharmacy in various branches or subjects like pharmaceutics, pharmacology, pharmacognosy, pharmaceutical/medicinal chemistry, pharmaceutical marketing, pharmacy practice, quality assurance, ph. technology, ph. administration, ph. science, Bulk drug Tech, Industrial Pharmacy, pharmaceutical analysis, pharmaceutical biotechnology. All the branches are distinct and have rejoicing scope. Many industries are reliance on master students than bachelors as they are specialized in particular branch with better knowledge. GATE-PY is discontinued from 2010, so it may effect some academically good students but still some good universities have their own enterances.

Alumni Meet 2018

Our student have brought several notable laurels to the institutions. We are immensely pleased to have been able to inculcate, a fierce sense of competition amongst our pupils and this is our strength.

A founder can carry an institution only so far, and then others have to step in, even the alumni. That's how an institution becomes one.

Awards are great, as you get to meet up with friends and colleagues from your industry – a sort of reunion.

Nobody is bothered about an institution more than its alumni.

Goel Group of Institution

The faculty and staff of the Goel Group is a blend of youth and experience. They are qualified, dynamic and passionately committed towards the all round development of their students. All are easily accessible and eager to help and guide the students both in and outside the classroom. Professors orchestrate discussion and activities, urging students to exercise their analytical skills, stretch their imagination to reach a deeper understanding of issue and devise creative solutions. Faculty serves as advisors to field study groups, individual research projects and also in students' club & forums.

Students who are the soul of the family have rose to occasion and made us proud during last couple of years. They have secured University Rank in consecutive years.

They have achieved success in industry and academia. We hope they will bring more accolades in future and make us proud.

📍 Goel Campus, Near Indira Cannal, Faizabad Road, Lucknow-226028
